

## About the charity...

Crossroads Derbyshire is a rural domestic abuse service based in the High Peak and Derbyshire Dales.

We help people to break free from abusive relationships, recognise signs of abuse and build a safe future.

# Key Services

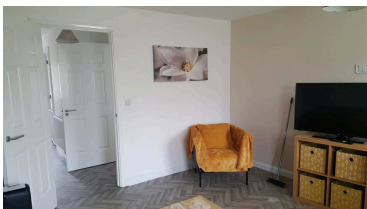

## The Harmony Project

The Harmony Project is specialist safe accommodation for young women aged 16-24 and their children. The project works with young women who are escaping abuse. We support them to improve their emotional health and wellbeing and work with them around any practical needs.

## Move-On Properties

We have stand-alone properties for young women who are moving on from refuge. We provide support to secure social housing and provide a stepping stone into an independent tenancy. This project also works with young women who resettle in their own tenancies in the local area.

## Adult Community Outreach

We provide domestic abuse outreach support for adults living in the High Peak and Derbyshire Dales. We support adults to leave abusive relationships and empower them with emotional and practical help to keep safe. We offer support with housing, legal issues and recovery work.

## Children & Young People Support

One-to-one support for children who have experienced domestic abuse. We use specialist resources, crafts and games to offer a safe and reassuring space where young people can talk about their experiences and understand they are never to blame.

## Counselling

We provide counselling to survivors of domestic abuse who have been supported by our outreach team. We focus on a healthy, safe future for all the family.

## VOICE Programme

The VOICE Programme is a twelve-week face-to-face course designed to address domestic abuse among adults, focusing on domestic violence, coercive control, and the underlying dynamics of intimate partner relationship abuse.

## CHOICES

This project works with young people who may be experiencing unhealthy behaviours in their own relationships. We offer 1:1 support or group work in schools. In situations where abuse is directed at parents or siblings, we also provide a programme of support for the whole family.

## CHANGES Programme

A voluntary programme assisting those concerned they might be hurting, scaring or controlling their partner and who want help making changes.

## Stalking Advocacy

Crossroads Derbyshire offers specialised stalking advocacy support for high-risk, non-domestic abuse stalking cases and referrals are made to us by the police and victim services.
