DE-CARBONISE

DE-Carbonise offers a comprehensive programme of assistance for SMEs seeking to reduce their carbon emissions in operations, production and supply chain.

You could access a suite of carbon reduction support including:

- A carbon reduction audit and report
- Grant funding to implement carbon reduction recommendations
- Technical support, consultancy and process improvements based on recommendations from the carbon reduction report
- Cohort based learning and development for smart manufacturing and sustainable supply chain innovation

To find out how we can support your business to decarbonise and have a positive impact on the future of our planet contact us today

This project is part funded by the European Regional Development Fund.
