

Peak Performance

INFORMATION FOR TENANTS

SUMMER 2025

Hello everyone,

I hope this message finds you well. It's a wonderful time of year to get outside, connect with neighbours, and appreciate the green spaces that make our borough such a special place to live.

I'm pleased to share news of an exciting new initiative – a pilot re-wilding project in one of our local green areas. This is part of our wider commitment to sustainability and biodiversity. Instead of the usual neatly mown lawns, we'll allow nature to take the lead in selected areas, encouraging wildflowers, grasses, bees, butterflies, and other pollinators to thrive. It might look a little untidy at first glance but rest assured – it's all very intentional! These spaces will become richer, more colourful, and more beneficial to the environment over time. If the pilot is successful, we hope to roll it out to more sites across the borough.

We also need to make sure our homes remain safe and well-maintained. One of the most important ways we do this is through annual gas safety checks. They are a legal requirement and are essential for ensuring your boiler and gas appliances are working safely and efficiently. I know it can be inconvenient to arrange access, but please do make every effort to be available when appointments are scheduled. Our engineers are there to help, and your cooperation really does make a difference in keeping everyone safe.

I'd also like to remind residents, particularly those living in blocks of flats, about the importance of keeping communal hallways and stairwells clear. We've noticed an increase in items being left in these shared spaces; things like potted plants, doormats, bicycles, and even furniture. These items can pose a serious fire safety risk by blocking escape routes or becoming hazards in an emergency. Please keep these areas clear and safe for everyone.

Similarly, we've had reports of flammable items being stored on balconies, including gas canisters, barbecues, and stacks of cardboard or wood. These materials can be extremely dangerous, especially during the warmer months when the risk of fire increases. Please avoid storing anything flammable on balconies and use these spaces safely and responsibly.

I know these reminders might not be exciting but they are incredibly important. By working together, we can ensure our homes and communities remain safe, welcoming, and environmentally friendly places to live. Thank you for your continued support. Wishing you a safe, sunny, and enjoyable summer!

Very best wishes,
Fiona Sloman,
Executive Portfolio Holder
for Housing.

High Peak
Borough Council

How to access our services

Set up an online account

Our customer portals make it easier than ever to keep in touch! Use your computer, laptop, tablet or smart phone to access our services 24/7 without having to pay for a phone call.

By signing up for a My Council Tax/Benefits online account you'll be able to download your benefit letters and Council Tax bill, you can also sign up for electronic billing and notifications which helps the Council reduce its use of paper, become more carbon friendly and save money

Need to downsize or upsize to meet your family need?

A mutual exchange is when two or more Council or housing association tenants decide to swap homes.

It can take place even if the people wishing to swap houses have different landlords. So for example, a local authority secure tenant could mutually exchange with:

- Another secure tenant of that same local authority
- A secure tenant of another local authority
- A tenant of a private registered provider.

Checks will be made to ensure that neither applicant is in rent arrears, in breach of their tenancy agreement and that your current home and garden are in good condition.

Case study

A 3-way mutual exchange applied for, two within High Peak and one in Stockport Borough. Two of the exchange partners have family living in their chosen area, wanting to move to be closer, and the third partner has a desire to live somewhere different and therefore each have suitably matched themselves for the exchanges to take place.

If you are a High Peak Borough Council Tenant and you have found someone to do a mutual exchange with and you are both in agreement then please follow the link:

<https://myforms.highpeak.gov.uk/MUTUALEXCHANGE/launch>

Domestic abuse

Did you know, if you are worried that a friend, neighbour or loved one is a victim of domestic abuse, you can call the National Domestic Abuse Helpline for free and confidential advice, 24 hours a day on 0808 2000 247.

Seeking help for someone you know can be challenging but #YouAreNotAlone. Domestic abuse advisers will offer confidential, non-judgemental information and advice on the options available to you helping you to keep safe and make informed choices. If you believe there is an immediate risk of harm to someone, or it is an emergency, you should always call 999.

If you are experiencing domestic abuse and need immediate help, ask for ANI (Action Needed Immediately) in any pharmacy or Jobcentre displaying this logo.

When you ask for ANI, you will be offered a private space, provided with a phone and asked if you need support from the police or other domestic abuse support services.

The Housing Repair Support Service with the Derbyshire Law Centre

If you have a housing disrepair claim and want free independent legal advice then Derbyshire Law Centre, working in partnership with High Peak Borough Council, can help with free housing disrepair advice.

A housing disrepair claim is when a tenant takes legal action against their landlord for failing to fix disrepair or damage to their property. This might be for faults with your boiler, windows and doors, damp and mould caused by structural

problems or defective electrics. You're encouraged to speak to your housing landlord if you have any repair issues but you can also seek independent legal advice. Through the Housing Repair Support Service, Derbyshire Law Centre can give you

free advice about your claim and negotiate with your landlord to find a suitable solution. Derbyshire Law Centre is a legal charity who specialise in housing issues and deliver free and low-cost legal advice to local residents.

Do you need
help with repairs
in your rental home?

If you have outstanding repairs in your home that your landlord isn't helping with, contact your local legal team.

At the Derbyshire Law Centre we provide free legal advice to our local community. We have specialist solicitors who can help you with housing disrepair issues in your home.

Help with the cost of living - energy assistance

The Council's website has a cost-of-living hub to help those struggling to pay for essentials due to the cost of groceries, fuel and other bills:

www.highpeak.gov.uk/CostOfLivingHub.

It details how to contact the Council's benefits team, energy efficiency advice, money saving tips and links to other support such as the Derbyshire Healthy Homes programme. Help is also available via Citizens Advice: **0808 278 7954**.

Cancelled jobs

**Report repairs on
0800 030 8666**

Someone over 18
must be in when
we call.

It is really important to us that your home is kept in a good state of repair. We offer a range of appointment times to make sure we can come at a time that suits you

Wasted appointments cost the Council thousands of pounds every year that could be spent on improving the quality of your housing. You need to keep your appointments or rearrange in good time to another day when you will be at home. Please be aware that if you do not keep your new appointment and/or do not let Alliance Norse know in advance you may be charged for the operatives wasted time.

Customer feedback

Your complaints, comments and compliments are important to us.

Complaints

**October 2024 -
March 2025**

59

**Housing
repairs**

21

**Housing Tenancy/
Home-Options/
Carelink**

The following principles will inform the way in which the council engage with you and respond to both positive and negative feedback about service delivery.

We will ensure that it is easy for you to make your views known.

Complaints

Where applicable we will resolve the issue informally by raising a request for service or discussing with the service area involved. The customer will receive a response within 10 working days advising of the action taken.

If the complaint is to follow the formal complaints process then the following will apply

Stage 1

All complaints will be acknowledged within three days of receipt and be responded to within 10 working days.

If the complaint requires additional time for investigation, the customer will be contacted and a full explanation given for the delay along with a date a full response will be provided

Stage 2

Where a customer is dissatisfied with the decision at stage 1 of the complaint they will have the option

We strive to put things right where we have gone wrong, so that we can learn and improve our services and stop them from happening again.

to escalate to the Executive Director responsible for the Service area. All complaints at stage 2 will be acknowledged within three working days and responded to within 20 working days.

If the complaint requires additional time for investigation, the customer will be contacted and a full explanation given for the delay along with a date a full response will be provided.

Ombudsman:

Where a customer is dissatisfied with the decision at stage 2 they have the option to refer to the Ombudsman

The Local Government Ombudsman is an independent body who investigates complaints about councils and some other organisations providing local public services www.lgo.org.uk

The Housing Ombudsman Service is set up by law to look at complaints about the housing organisations that are registered with them, email info@housing-ombudsman.org.uk Phone: 0300 111 3000 Housing Ombudsman Service, PO Box 1484, Unit D, Preston, PR2 0ET

Compliments

On receipt of a compliment:

- We will acknowledge receipt, where this is appropriate or required;
- We will ensure that it is shared with the relevant individual or team;
- We will learn from the good practice and apply the learning.

Comments

On receipt of comments or suggestions:

- We will acknowledge receipt, where this is appropriate or required;
- We welcome your suggestions on how we can improve our services.

You can feedback in the following ways:

- Complete the online feedback form www.highpeak.gov.uk
- email - complaints@highpeak.gov.uk
- Telephone 0345 129 7777
- Visit us at Buxton Town Hall, Market Place, Buxton, SK17 6EL
- By post: PO BOX 136 Buxton SK17 1AQ

Carelink is an alarm installed in your home which gives you contact with a trained member of staff 24 hours a day, every day of the year at the touch of a button.

A pendant that you can wear enables you to make a call to our control centre should you need to. We aim to answer all calls within 60 seconds and trained members of staff can give advice and assistance.

There are two levels of service and we will assist you to select the service that meets your needs:

1) Monitoring and response service

When you press your alarm button our operators will speak to you and offer advice and reassurance. If you need further help, we will be your emergency contact and our Carelink support assistants attend if you need help.

2) Monitoring only

The monitoring only service is the same as the monitoring and response service, but your emergency con-

tacts are family, friends and neighbours. They must have given consent for us to contact them 24 hours a day in an emergency.

All you need is a telephone socket and an electric power point close by. We will provide, install and maintain the equipment. If your equipment becomes faulty we will replace it.

The service is less expensive than you might expect for peace of mind 24 hours a day

- Installation fee: £30.00
- Silver Service (monitoring only): £5.30 per week
- Gold Service (monitoring and emergency response): £9.00 per week
- Depending on your personal circumstances we may be able to assist you to apply for funding towards the cost of the service.

Helping residents cope with Mental Health problems

We have developed resources for residents of High Peak around seeking local mental health support and help around finances. There is also lots of support and information, that anyone can access, including a Countywide website.

Derby & Derbyshire - Emotional Health & Wellbeing
derbyandderbyshireemotionalhealthandwellbeing.uk

Welcoming Spaces

If you would like to register as a Welcoming Space or require any further information please email
welcomingspaces@highpeak.gov.uk

Our Welcoming Spaces website page shows spaces, where people can go to stay warm this winter.

Our list of registered venues details where, when and what additional activities or services will be available and whether refreshments are provided. High Peak Borough Council is not responsible for the provision of or the facilitation of warm spaces at these venues.

How do I join Live Life Better Derbyshire's stop smoking programme?

If you're interested in taking part you can call Live Life Better Derbyshire on **Freephone 0800 085 2299** or take part in our online health MOT. You can book an appointment to attend a face-to-face clinic on **0800 085 2299 or 01629 538 200**:

- **Gamesley Community Centre, SK13 6UQ**
Mondays 1.30pm - 4pm
- **The Bureau, Glossop, SK13 6UQ.**
Thursdays from 9.30am - 12.30pm

To find out about health benefits of stopping smoking, the money you can save, and useful tools visit:
www.livelifebetterderbyshire.org.uk

Visit Peak District and Derbyshire

Help to stop smoking

It's never too late to quit smoking tobacco.

Your body starts to repair from the moment you stop.

**Live Life
BETTER
DERBYSHIRE**

Live Life Better Derbyshire offers 12 weeks of telephone support, with vapes and nicotine replacement therapy sent straight to your door.

We also offer face-to-face appointments, usually within two weeks and **it's all completely free.**

Your Live Life Better Derbyshire advisor will talk about stop smoking medications and help you choose the right product for you.

We offer nicotine replacement therapy. NRT is a medication that gives you a small amount of nicotine without the harmful tar, carbon monoxide and other chemicals found in tobacco smoke. It can help reduce the side effects of stopping smoking, such as bad moods and cravings, which can happen when you quit.

NRT is available in patches, gum, inhalators and mouth spray. Your stop smoking advisor will discuss with you which product will be best to help you to quit smoking.

Vapes

We can also offer you a free 12 week vape kit as another effective option to support you with your quit attempt.

Vapes are age restricted products and we can only provide them to those who can prove they are aged 18 or over. You will be asked to do this by emailing a photo of your ID to our secure inbox.

For more information visit
www.livelifebetterderbyshire.org.uk

I want to quit - what's next?

Did you know you are three times more likely to quit smoking with the help of your local stop smoking service? We know quitting isn't easy but our friendly stop smoking advisors provide support, help and advice so you have all the tools you need to make a successful quit attempt. We provide support to smokers aged 12 and over living in Derbyshire or with a Derbyshire-based GP.

What we offer:

- telephone support sessions
- one-to-one behavioural support
- access to free nicotine replacement therapy (NRT) including patches, mouth spray, gum, inhalators and lozenges
- access to free vape starter kits and a 12 week supply of e-liquid (vapes are only

available to adults only and are not currently available for pregnant clients)

- advice on stop smoking medications
- useful tools to help you quit

Who can take part?

To take part in our free stop smoking programme you must:

- be over 12 years old and live/have a GP in Derbyshire (excluding Derby)
- want to stop smoking completely
- be willing to meet with your stop smoking adviser at agreed dates and times

Stop smoking medications

Nicotine is extremely addictive and that's the main reason that people struggle to stop smoking.

To get started on your stop smoking journey simply fill in our online health MOT:
www.livelifebetterderbyshire.org.uk/self-assessment/self-assessment.aspx

Antonio Diaz

Downsizing is the process of moving into a smaller property.

You might be thinking of taking this step for a variety of reasons – reduce your expenses, move to a more suitable home or to be nearer family and friends.

There are many reasons why people may choose to move home; it may be you want to live somewhere different or closer to family, or perhaps a recent change in circumstance, such as a health issue or bereavement, has caused you to think about what they need in the future

If you're in any of these situations, it may be time to think about the main benefits of downsizing

- Move into a property that is easier to manage, helping you to maintain independent living.
- Save money by moving to a property that is less expensive to run

How can High Peak Borough Council help?

The Council offers a 'Transfer Incentive Scheme' to help people move into a more suitable home that means a family home becomes available for someone in need

It is a chance to move to a more favourable location, perhaps nearer to your family, friends and support.

What happens?

When someone registers on Home Options, those who qualify under the scheme will be placed in a priority banding which takes into account how many bedrooms they will be freeing up. A member of the team will then be in touch to chat over exactly what you want and need.

What benefits are there for me?

Once your new home has been identified, we will discuss with you what assistance you may need to move – some people may need help to arrange or pay for removals, or towards the cost of carpets or decorating.

It may be your new kitchen layout means you need a new cooker, washer or fridge freezer and moving to a smaller home means you have unwanted furniture you need help to get rid of.

Each case will be different because it is tailored to meet individual needs.

You will also have a staff member to help each step of the way.

Alliance Norse estates update

Alliance Norse has officially taken over the management of estates and car parks, from High Peak Borough Council and Staffordshire Moorlands District Council, marking a significant step forward in the councils' ongoing commitment to delivering efficient, high-quality local services.

This transition, effective from 1 April 2025, sees Alliance Norse, a council owned and controlled joint venture between Norse Group and the councils, assume responsibility for a wide range of property and facilities management functions across both local authorities.

The move is designed to modernise and consolidate services under one experienced provider, ensuring better value for money, improved maintenance standards, and a more sustainable long-term strategy for the councils' physical assets.

Included in the portfolio are all council-owned buildings, public car parks, and various estate-related services. Alliance Norse will now oversee day-to-day operations, strategic planning, and maintenance works – bringing a more cohesive, professional approach to managing these important public resources.

To get in touch, contact:

High Peak car parks:
**carparks-hp@
norsegroup.co.uk**

Alliance Norse Call Centre:
0800 030 866

If this is something you would be interested in, or if you would like to know more information, please contact a member of the team at
neighbourhoods@highpeak.gov.uk

Conduct towards staff

We are here to help and will treat you with dignity and respect. We ask that, even if you are frustrated or angry, you do the same.

If you are abusive, aggressive or intimidating to us on the telephone, face-to-face or on social media we may take action against you. We will send you a letter explaining why your behaviour was unacceptable and may take further steps by.

- Asking you not to attend our offices
- Asking that you only contact a named person or specific email address
- Limiting contact with you to email only
- Visiting you in pairs

In very serious circumstances, or if you continue to behave in an inappropriate way, we will consider taking further action such as issuing a Community Protection Warning, suspending any application for rehousing, taking action under the terms of our Tenancy Agreement or reporting the matter to the police.

Tenant engagement update

Stella Ridgway, Chair,
Tenant Engagement Group

▶ **Hi everyone**

Spring definitely sprung and our Tenant Engagement Team has been slowly growing; but we need your help. We are volunteers who want to help all tenants, to make their experience as tenants better. We are there to scrutinise High Peak Borough Council policy and procedures as it affects us, the tenants. We can also help tenants with small community projects such as rewilding open spaces or painting railings or installing community gardens.

To do this, we need your help. If you would like to find out more, contact
Engagement@highpeak.gov.uk

Proposed community wildflower area

**between Marsh Lane/Griffin Close,
New Mills**

Consultations have recently been sent out to residents in the locality, and we await feedback.

We will update those residents consulted, as soon as we know the outcome of this consultation.

Radon

Your questions answered

Public Health England
www.gov.uk/government/collections/radon

What is radon?

Radon is a naturally occurring, colourless, odourless, radio-active gas which is formed in the ground. It seeps to the surface and can build up inside properties. Health studies have linked prolonged exposure to radon gas with lung cancer.

How do I know if my property is affected?

The only way to be sure is to have a test. Most tests are carried out by Public Health England and involve having two small detectors in your home for three months.

If you are a High Peak Borough Council tenant, Alliance Norse have a programme to test properties and will contact you. If testing shows that radon levels are above 200 Becquerels, action will be taken to reduce the levels.

What can be done to reduce radon levels?

There are a number of ways to reduce radon levels, such as the installation of a sump pump, introducing positive ventilation, which is similar to an extractor fan, or by installing ventilation under the floor of the property if it has a suspended floor.

An active radon sump, fitted with a fan, is the best way to reduce indoor radon levels. Sumps can be constructed from outside. A small hole, big enough for a 110mm pipe, is made in an exterior wall just below ground level and a bucketful of material is removed to create space for the sump. A pipe goes from this space through the wall and up the outside of the house to roof level. The system is powered continuously by an electric fan.

Who will carry out the work?

Alliance Norse have appointed contractors to carry out the monitoring on High Peak Borough Council's behalf. If your property requires equipment to be installed we will write to you with details of the contractor who will carry out the work. The contractor will arrange a time with you to visit your property and we ask that you co-operate with them to arrange this.

How long will it take?

Arrangements will need to be made for our contractor to come to your property. They will advise you of what is involved and how long it will take.

How long will I need the sump for?

The sump will remain in place all the time once installed and should be left on at all times.

How will I know if it is reducing radon levels at my property?

The Council will carry out further testing to check radon levels.

Can I refuse to have a pump installed?

No. Testing has shown that your property has radon levels which require equipment to be installed and this is a legal requirement. It will cost very little to run.

Why aren't all the properties on my street having pumps fitted?

Radon affects all properties at differing levels. Where levels are below 200 Becquerels no action is needed.

Will the work make a mess?

The work should not be disruptive. The contractor employed by Alliance Norse to install the equipment will discuss and agree with you the work to be carried out and what this will involve.

All rent accounts with a clear balance as at 31st December 2025 will be automatically entered into the next prize draw to win £250.

The latest prize draw winners are Miss Hobson of Balsow Grove, Fairfield in March 2025, and Mr Barker of Tottle Place, Gamesley in December 2024.

Gas safety checks – keeping you safe in your home

Alliance Norse carries out annual gas safety checks in all council homes with a gas supply.

This is a legal requirement and one of the most important things we do to keep you and your neighbours safe.

We must complete this check every 12 months – and it's essential that you allow access when we contact you to book an appointment. If you can't make the arranged time, just let us know and we'll work with you to reschedule.

Not letting us in puts your safety at risk and may result in legal action, including court orders or forced entry, as we have a legal duty to carry out these checks.

Please help us keep your home safe – respond to appointment letters or calls promptly, and always let us know if your contact details change.

To discuss your gas safety appointment, please contact us:

Freephone: 0800 030 8666

Email: AllianceNorseRepairsHotline@norsegroup.co.uk

We take fire safety very seriously and you should too

In communal areas, we have a legal responsibility to make sure you and your neighbours, and visitors are safe from key hazards, including fire.

We must ensure communal areas are free from flammable materials, ignition sources, obstructions, trip hazards, or any other fire risks.

If items are found in communal areas, we will try to identify owners and ask for your co-operation to remove items immediately.

Where we are not able to identify the owner of the item or if you are not willing to cooperate with us, in line

with the TORTS (Interference with Goods) Act 1977 we will:

- IMMEDIATELY remove high risk items, such as flammables or items obstructing escape routes.
- Sticker other items advising that they must be removed by you within 7 days.
- Record and photograph items to be removed.

- Return after 7 days to check items have been removed, if they have not been removed, then WE WILL REMOVE them without further notice.
- Permanently DISPOSE of items irrespective of their value.
- Not be able to return disposed of items.

PEEPS for less mobile tenants

Escape plans for disabled, older or vulnerable people.

The purpose of a Personal Emergency Evacuation Plan (also known as a PEEP) is to provide people who cannot get themselves out of a building on their own with an evacuation plan in an emergency.

Do you need a PEEP?

If you cannot leave your home unaided in an emergency, then you will need a PEEP. A PEEP may be needed for someone with an impairment or disability such as:

- Mobility impairment
- Sight impairment
- Hearing impairment
- Cognitive impairment
- You may be dependent on equipment like an oxygen tank which you would need help with
- A medical condition or injury which might cause them to need assistance to evacuate safely.

If you cannot leave your home unaided in an emergency, then you will need a PEEP.

You should contact your local Housing Officer to discuss the implementation of a PEEP. Additionally, you may require a PEEP on a temporary basis. If you have broken your leg for example, you may use a wheelchair or walking aid for a period of time until you recover. Please make your Housing Officer aware of this or any other temporary mobility issues.

Why a PEEP is important

Tenants details who are known to need additional

support, within or Retirement Living Complexes and General Needs accommodation are held securely by the Housing Team and a de-personalised version is held within the (Premises Information 'Red Box'). These are where Derbyshire Fire and Rescue Service and our staff can access the detail to identify the need for assistance in an emergency evacuation.

Depending on the overall level of support that you need, you may be eligible for further support following an

assessment from High Peak Borough Council.

You can also request a home fire safety visit from Derbyshire Fire and Rescue Service who might also suggest extra help and offer support from other organisations.

Whose responsibility is a PEEP?

We take our obligations to fire safety extremely seriously. It is our responsibility to ensure the process for our tenants to self-identify that they may require a PEEP is accessible and then to implement the PEEP assessment.

How we use the information

Some of our tenants may have concerns about how this personal information is stored. Its intended use is solely to help in case of an emergency. We are bound by data protection law, so no personal data beyond the number of the property and number of affected persons will be kept in the Premises Information Boxes or held by HPBC without consent.

Electrical Safety

We need to carry out regular electrical inspections and tests because electrical installations deteriorate due to issues such as damage, wear and tear, corrosion, excessive electrical loading, ageing, and environmental influences. Electricity is a major cause of fires, and electricity can cause injury such as electric shock, burns and falls.

What the Council are doing to keep you safe

- We will carry out an electrical safety check (EICR) on your home periodically and undertake any works identified promptly.
- We will carry out an electrical safety check every 5 years in communal area of all blocks and undertake any works identified promptly.

- Where applicable, carry out an electrical check as part of major works on your home.
- Ensure every property has a safety check when it is void (empty) and undertake any required works before the property is let.
- Maintain a register of all electrical checks carried out to ensure the effective management and monitoring of the

electrical safety process.

- Ensure any Alliance Norse Operative or contractor undertaking works in our homes are properly electrically qualified for the works they are undertaking.

An EICR is the abbreviation for Electrical Installation Condition Report (formerly known as a Periodic Inspection Report or PIR).

Choose the most convenient way to pay your rent

By Direct Debit

Make monthly payments directly from your bank. Payments are taken on the 1st, 8th or 15th of each month and you don't need to worry about contacting your bank each time your rent changes. Visit highpeak.gov.uk, 'Housing', 'Pay your Rent', to download a Direct Debit mandate.

By Telephone

Making a payment over the phone by debit or credit card is simple! Ring the 24 hour automated payment line on **0300 456 0625** and follow the instructions. Please make sure you have your rent reference number ready.

Online at

www.highpeak.gov.uk

You can make a payment by debit or credit card, by logging on to our website and clicking on 'Pay' quick link icon, and following the links to 'Pay your Rent'.

By Allpay Card

Pay at any Post Office or shop displaying the Paypoint sign using your Allpay card. If you need a replacement Allpay card, or want to find out where your nearest Allpay outlet is visit: www.highpeak.gov.uk or contact the Rents Team.

By Standing Order

You can pay your rent weekly, fortnightly or monthly through your bank using the Council's bank details: High Peak Borough Council Nat West Account no: 10567828 Sort code: 60-04-18. You MUST quote your rent reference number as the reference for the payment.

Home insurance

Let's protect what makes your place a home.

You have a home full of things that you need and love – clothes, TV, kitchen appliances, keepsakes, furniture, and gadgets. Surely, if stuff's worth owning, then it's worth protecting. As your landlord, we insure the building and anything we provide, but we don't cover your home's contents and belongings. Ask yourself, would you need help with

the cost of putting things right after a kitchen fire, a washing machine flood, or a break in? It could get pretty pricey. But don't worry – tenants contents insurance financially protects your home's contents.

Our scheme is affordable and there is no excess to pay on any claim made

To find out more and join the scheme please go to Tenants Contents Insurance | RSA Insurance or call
0345 671 8172.
