

Guidance for Applicants

What is this fund?

High Peak Borough Council are keen to support activities and initiatives by the communities and groups across the District that support community energy initiatives.

These can be in one of three categories

1. Improve energy efficiency or add renewable energy to an existing building used by the community.
2. Support the development of community owned energy assets, such as a renewable installation
3. Support community engagement of households or businesses to reduce energy consumption.

This is a one-off grant with a total pot of £15,000. This will be divided between a minimum of 3 community groups each with up to £5,000 grant.

This guide provides details about the grants in terms of what can be funded, who is eligible to apply, any restrictions and what you need to provide with your application form.

This guide gives additional information to that contained within the application form. All applications must be made on the application form and a number of supporting documents are required.

The deadline for this round of applications is 3rd February 2025 at 9am

This grant scheme is administered by High Peak CVS who can answer any questions and give assistance and/or advice to potential applicants to ensure the best possible outcome. Your application will be considered by a grant panel is made up of representatives from High Peak Borough Council and High Peak CVS.

If you are unsure whether or not you are eligible to apply, please contact us for further advice.

What will the Scheme fund?

The Shared Prosperity Community Energy Fund has 3 aims and objectives. Your application must meet at **least 1 of these criteria:**

1. Improve energy performance of a community asset/building (eg Scout Hut, tennis club)
2. Support setting up/expanding a community led energy advice programme – can be used to train advisors, pay for DIY energy packs, marketing, events etc
3. Support feasibility of community led renewable projects

How much is available?

Grants will usually be up to £5000

This can fund 100% of the costs identified.

Planning your project

There are a number of issues that you may need to consider when you are planning your project:

- Do you need planning permission?
- Do you need building regulation approval?
- Does any equipment installation need to confirm to any statutory requirements, such as Gas Boiler Installation Regulations?
- Have you undertaken a risk assessment for the activity or task to ensure that health and safety requirements are fully met?
- What care and maintenance will be required after the project has been completed and how will you ensure that this happens?

- A minimum of 3 quotes must be obtained for any invoice that is above £2k
- What is the time line for your project?
